LSAD Graduate Show	Clare Street Campus, Limerick	May 2024
Code4Fun Summer Camp	Athlone Campus	June 17th - 21st 2024

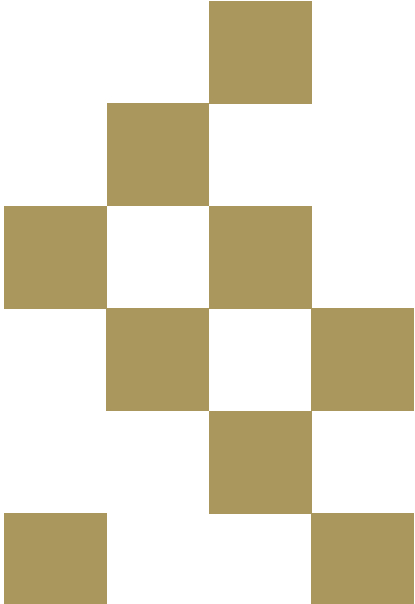

TUS Services and Programmes for Schools

TUS is a multi-campus technological university with six campuses in Athlone, Limerick City, Thurles, Clonmel and Ennis. A seventh campus is due to open at Coonagh, Limerick City in January 2024.

We host many events and initiatives across our campuses each year, designed to introduce students to our courses and to learn more about student life at TUS. These events are an ideal opportunity for students to explore our campuses, view our facilities at first-hand and experience our practical learning philosophy in action.

From engineering workshops to hospitality taster days, sports performance workshops to portfolio information days, our schools programmes are tailor made for students and provide valuable opportunities to undertake meaningful course research, leading to informed CAO decisions.

We look forward to meeting you during the year!

School Visits

School visits by our Student Recruitment and Engagement team are available throughout the year. The general presentation consists of an overview of TUS and a brief summary of our courses, student services and facilities. We can also arrange specialist visits for individual academic department areas. Specialist visits give students more detailed information about courses in specific areas.

To arrange a general/specialist TUS presentation, contact our team:

Athlone based courses

Claire Connor

Tel: 090 64 42521 and 086 0755434

Email: claire.connor@tus.ie

Limerick, Thurles, Clonmel, Ennis based courses

Ann McBride & James Clifford

Tel: 0504 28021 and 086 3892923

Email: schools@tus.ie

your **TUS Prospectus**

Careers Exhibitions

We attend careers exhibitions and fairs around the country, where our team are available to answer questions from prospective students, teachers and parents. If you have an event and would like TUS to attend, contact us at schools@tus.ie and we will endeavour to attend.

Discovery Events

Our campuses host many events on our campuses throughout the year. These discovery events introduce students to our diverse course areas and the career opportunities available. Should your students wish to explore a specific department or course, we will work with you to arrange a visit/presentation.

Campus Visits

At TUS, our doors are always open and we are happy to arrange visits and guided tours of any of our campuses in Athlone, Limerick, Thurles, Clonmel or Ennis. Simply contact us in advance to arrange a visit.

The following pages outline in more detail some of our schools programmes. Further events will be added during the year.

To keep up to date on events taking place at our campuses during the year, follow us on social media or visit www.tus.ie

Weekly Engineering Visits

Date: Thursdays Weekly

Location: Moylish Campus, Limerick

Each week (Thursdays) during the academic year, we invite second level Engineering students to visit our Engineering facilities.

The Engineering Visit programme is aimed at 5th year students undertaking Leaving Certificate Engineering. The programme is tailored to groups of 40 students (maximum) and students undertake interactive tours of five different workshops across our Departments of Mechanical and Automobile Engineering and Electrical and Electronic Engineering.

Digital Speaker Series

Dates: Throughout Semester 1 and 2

Location: Athlone Campus

The TUS Athlone Digital Speaker Series has welcomed experts in the area of Digital Marketing to present to hundreds of students, providing valuable insights into the real world of Digital Marketing to TUS Students, prospective students and industry professionals.

Established in 2021, speakers have included Digital Marketing Managers for global brands such as TikTok, Ryanair, LinkedIn, Gym + Coffee, Lifestyle Sports and West Ham United FC.

The Digital Speaker Series takes place monthly, with 3 speakers per semester. Keep an eye on TUS socials for upcoming guest speakers to the Douglas Hyde Theatre.

Empowering the Future: Accounting and Finance Talks for University and Secondary Level Students 2023-2024

Dates: Throughout Semester 1 and 2

Location: Athlone Campus

Financial literacy and an understanding of accounting principles are vital life skills that empower students to make informed decisions about their personal finances and future careers.

Throughout the academic year 2023-2024, we are excited to present a series of engaging Finance & Accounting Talks. These talks feature industry experts, educators, and organizations who will share their real-life experiences, challenges, and successes in the world of finance and accounting. Our aim is to provide you with a comprehensive understanding of this dynamic field, shedding light on its diverse career paths and the myriad opportunities it presents.

Department of Accounting and Computing

Email: Businessathlone@tus.ie

Digital Taster Events

Dates: Throughout Semester 1 and 2

Location: Athlone Campus

Over the course of the academic year, the digital marketing team will run a series of taster days on campus for prospective students. These events will provide students an opportunity to explore the world of digital by learning more about social media marketing, AI, SEO, graphic design, analytics and so much more.

FIRST® LEGO® League Challenge

Date: September 2023 to March 2024

Location: TUS Athlone Campus

This is open to students from Sixth Class to Transition Year Students.

Following the success of our FIRST® LEGO® SUPERPOWERED Blitz events in 2022/2023, TUS Athlone have partnered with LearnIt Ireland to support schools in the Midlands region in participating in the 2023/2024 Global FIRST® LEGO® MASTERPIECESM challenge.

FIRST® LEGO® League is a global STEM challenge for teams of young people, to encourage an interest in real world themes and develop key skills that are crucial for their future careers. Each year a theme relevant to the world around them is chosen as a focus for the young people's work.

In the 2023/2024 MASTERPIECESM season teams will imagine and innovate new ways to share their passions, hobbies and interests with others while learning about

how experts in a variety of creative fields use STEM in their roles. The challenge consists of a number of elements including: designing and coding a robot to perform a series of tasks in a robot game (relevant to the MASTERPIECESM theme), an innovation project, and demonstration of core values.

Team registration: Open until 31st October 2023

Regional Competition: Hosted at TUS Athlone Campus February 2024

National Competition: Hosted in Dublin in March 2024

Access Initiatives for Schools

The TUS Access Services operates initiatives in partnership with schools, community organisations and further education colleges in Clare, Limerick, Tipperary and Westmeath.

DARE

TUS is a member of the the Disability Access Route to Education (DARE). DARE is a third level alternative admissions scheme for school leavers whose disabilities have had a negative impact on their second level education. Detailed information about the TUS admission policy for eligible DARE applicants is available on the DARE website at www.accesscollege.ie.

More information:

Disability: Athlone

**Disability: Limerick, Thurles,
Clonmel & Ennis**

Email: disability.midwest@tus.ie

HEAR

TUS is a member of the Higher Education Access Route (HEAR). HEAR is a college and university scheme that offers places on reduced points and extra college support to school leavers from socio-economically disadvantaged backgrounds who are resident in the Republic of Ireland. Full instructions on how to apply to the HEAR scheme are available on the HEAR website at www.accesscollege.ie.

Leaders@TUS Midwest Student Scholarships Programme

Inspired by our desire to support social inclusiveness and in particular, a commitment to promoting equitable access to and successful participation in higher education for all members of society, the Leaders@TUS Midwest Student Scholarship programme was established. Up to €2 million has been invested in academic scholarships for students at the TUS Moylish, Clare Street, Thurles, Clonmel and Ennis campuses over the last eight years. The objective of the scheme is to support access to higher education for students who might otherwise struggle to remain in education. Additional information on the programme is available from Michelle.Moloney@tus.ie

Go4IT

The TUS Access initiative Go4IT promotes access to third-level education through a range of activities with the purpose of inspiring, challenging and motivating participants to achieve their goals as they progress through their primary and secondary education. The Go4IT programme takes a holistic approach to education and aims to introduce the concept of lifelong learning and show that education has a real purpose. Participants are continually supported from engagement at primary level and progression through second level with the goal of transition to higher education.

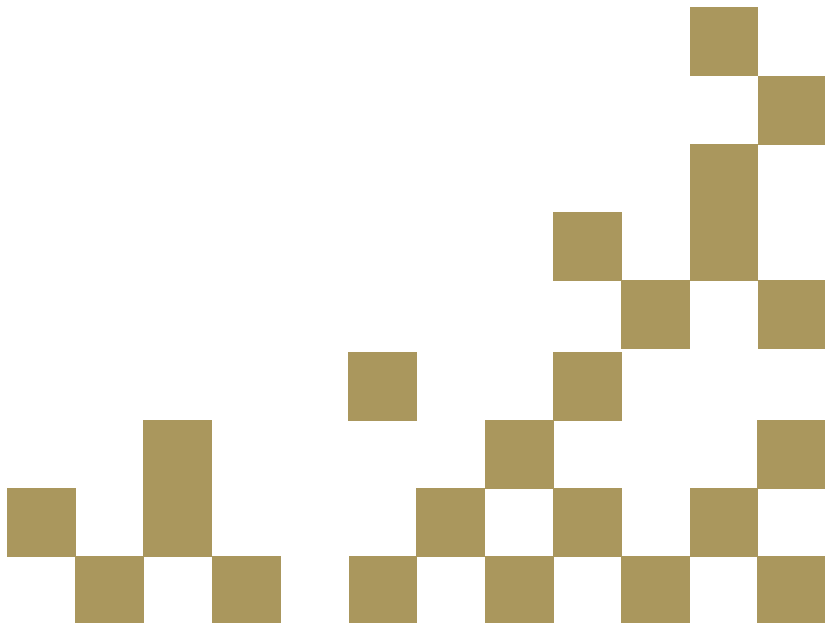

Skills @ Work Programme

TUS has worked in partnership with Business in the Community Ireland (BITCI) and Thomond Community College, Limerick to deliver the Skills @ Work programme since 2006. In excess of 320 students from Thomond Community College have participated. We engage in a student mentoring programme with BITCI and Thomond Community College which strives to encourage students to stay in school, increase their self-esteem and develop an awareness of the workplace over the course of their senior cycle. This programme involves a two-year commitment from TUS employees who agree to be a mentor to one student during their senior cycle in school.
